

**THE MOST EXTENSIVE  
SHUTTER RANGE  
IN AMERICA**

# A NEW WAY OF DOING BUSINESS

A modern interior space featuring a desk with a lamp, a patterned chair, and large windows with blue blinds. The room has a patterned wall and a framed picture on the wall.

## A NEW WAY OF BUSINESS

We are here to support you; never to compete against you. Our business is built on personal relationships with our customers where trust and understanding allow us to work together to grow your business.

Embracing modern technology, we are able to focus on the person not the process. A state of the art streamlined system from ordering to delivery makes dealing with The Window Outfitters simple.

## SET YOURSELF APART

In a highly competitive market, we know its important to have something different. Our extensive range and infinite customizations mean you never say no to a job.

## WHEN IT HAS TO BE RIGHT

Our account managers will work with you to find the best solution for any installation. We take the time to study every order because we want to make sure that it is right for you and your customer.

## UNIQUE MARKETING SUPPORT

The only shutter supplier in the world to partner with a marketing agency decicated to the Window Furnishing Industry, Outlook Marketing. We have seen how key the role of marketing is in our customer's success that we offset the cost.

# MADE IN AMERICA BY CRAFTSMEN

There are many unmistakable characteristics that make America's best shutter distinctively unique. Hand-crafted quality refined over generations, sustainable wood harvestry, and a 40 Acre facility with state-of-the-art processes. You will never see another shutter like it.

*Expansive blade sizes up to 5.5"*

*Largest single panel expanse, up to 134"*

*Unique Double Clearview tilt rod provides the industry's tightest closure and light block.*

# SET YOUR EXPECTATIONS HIGHER

This premium wood shutter range is an intelligent addition to any product line with consistent quality and consistent lead times. An imported range that raises itself above its counterparts with its ability to accomplish out-of-the-box requests.

*2-pack polyurethane paint provides the best finish in the industry*

*Impressive 41 1/4" wide panels*

*Proprietary light block panels*

## Highprofile

# STYLE AND VISTA UNITE

A revolutionary approach that elevates the Venetian to the class of wide-louvered hardwood shutters. Openview Venetians have a truly unique framing system that provides versatility with the aesthetic of a shutter.

*Bold slat sizes up to 5" with extraordinarily tight closure.*

*Unprecedented widths create an impressive unobstructed view of 97.5%.*

*With no cords, it is the only venetian design in the world endorsed by Parents for Window Blind Safety.*
